MIGS ART

Most recently, I've had the amazing opportunity to design a larger than life public art piece for the City of West Hollywood. I was able to express my love for the City that has accepted me personally and more-so broaden my scope of who I am and what I can offer to the world. My challenge was to convert a poem which had 100s of city specific themes and express them all in 1 piece of art that resides in the courtyard of West Hollywood City Hall on Santa Monica & Sweetzer. If you have time, I would highly suggest stopping by to check it out"
